# Remove Double Chin from Photo

Upload a selfie, profile photo, dating picture, family portrait, or social post image and remove double chin from photo in a natural way. This photo editor to remove double chin focuses on the under-chin area and jawline, then keeps the person's identity, age, skin tone, hair, clothing, lighting, and background intact. It is built for small fixes: edit out double chin from a low-angle picture, fix double chin in photo after a relaxed pose, or get rid of double chin in pictures before you post them. Use the default prompt as-is or add notes about keeping texture, preserving face shape, or avoiding beauty-filter smoothing.

# Remove Double Chin from Photo Without Changing the Person

A low phone angle can create an under-chin fold in an otherwise great portrait. Use nana img to remove double chin from photo online free, keep the real expression, and make the edit look like a careful retouch instead of a face swap. The examples use comparison images so you can see the difference, but the generator returns one clean edited photo.
